About us

StokeOnTrentEnterprise.co.uk is here to help small and micro businesses within the Stoke On Trent area. We believe that 'help' should be as free as possible, we don't bombard you with opportunities to spend your money. Instead we're big into 'Self Promotion' and most importantly, providing the tools for you to do just that. There's absolutely no shame in shouting out loud to promote your business, in fact, that's precisely what you need to do! We're not an official Stoke On Trent Enterprise Centre but a service/resource put together by a local small business owner who recognised the need for Stoke On Trent's small and micro businesses to get together and shout 'loud and proud' to promote themselves. Whether you're just starting in business for the first time or you're a small business that's been established for a long time, we believe there's something helpful here for you.

Features

You'll notice that there is a big emphasis on 'Self Promotion' here, that's because we believe that the people who can promote businesses the best are those who know all about them, as a small or micro business owner, that's you! Below are three simple tools we've put together that can help you promote your business.

Disclaimer

While every effort is made to ensure that all small business details, offers etc are genuine and up to date, there may be occasions when things have changed or unscrupulous people seek to mislead, we are not responsible and we strongly encourage our website users to use due care and diligence when dealing with any business. Thank you for your understanding.
